

Strategic Partner Vendors	
	<b>Avigilon</b> —Part of Motorola Solutions, Avigilon provides security cameras and associated software and analysis services, along with access control and communications solutions. Avigilon software can even work with existing 3rd party solutions, so you can keep the value in your current investment.
 Instant Notification Applications	<b>INA Alert</b> —Using Avigilon technology, INA Alert provides video surveillance and access control. This includes door readers, cameras and data servers. In addition, INA Alert offers mobile digital tools for staff management, including a message board, scheduling tool and shift board. INA Alert is family-owned and based in Ellinwood, Kansas.
	<b>STOPit Solutions</b> —STOPit is an anonymous reporting solution used in thousands of schools worldwide to help keep students safe and make administrators' jobs easier. Through a mobile app, web, and phone reporting, STOPit helps administrators identify and even prevent school bullying, student self-harm, and acts of violence. Benefits include 24-hour incident monitoring, risk management, training and promotional services. Through Smoky Hill ESC, any school in Kansas can sign on for STOPit at a discounted rate. A free demonstration is available at <a href="http://stopitsolutions.com/shesc">stopitsolutions.com/shesc</a> .
	<b>Method Test Prep</b> —With more than 15 years of experience, Method Test Prep has worked with thousands of students to help them see a substantial improvement in test scores. Resources include tutoring, test prep classes, practice tests and much more for both the ACT and SAT.
	<b>Twotrees</b> —This Wichita-based technology company offers innovative virtual reality technology for educational institutions – everything from headsets to immersive “backpack” units, along with the supportive technology to run them. Help students explore diverse ideas and global locations all from the classroom!
