Moodle…Why Should I Use It?

"No, you weren't downloaded. Your were born."

- Not lectured to.
- Respected, be trusted, and have opinions valued.
- Follow own interests and passions.
- Create using the tools of their time.
- They want to work with their peers.
- They want to make decisions and share control.
- Connect with their peers.
- Cooperate and compete with each other.
- They want an education that is not just relevant but real. (Prensky, 2010, p. 2)
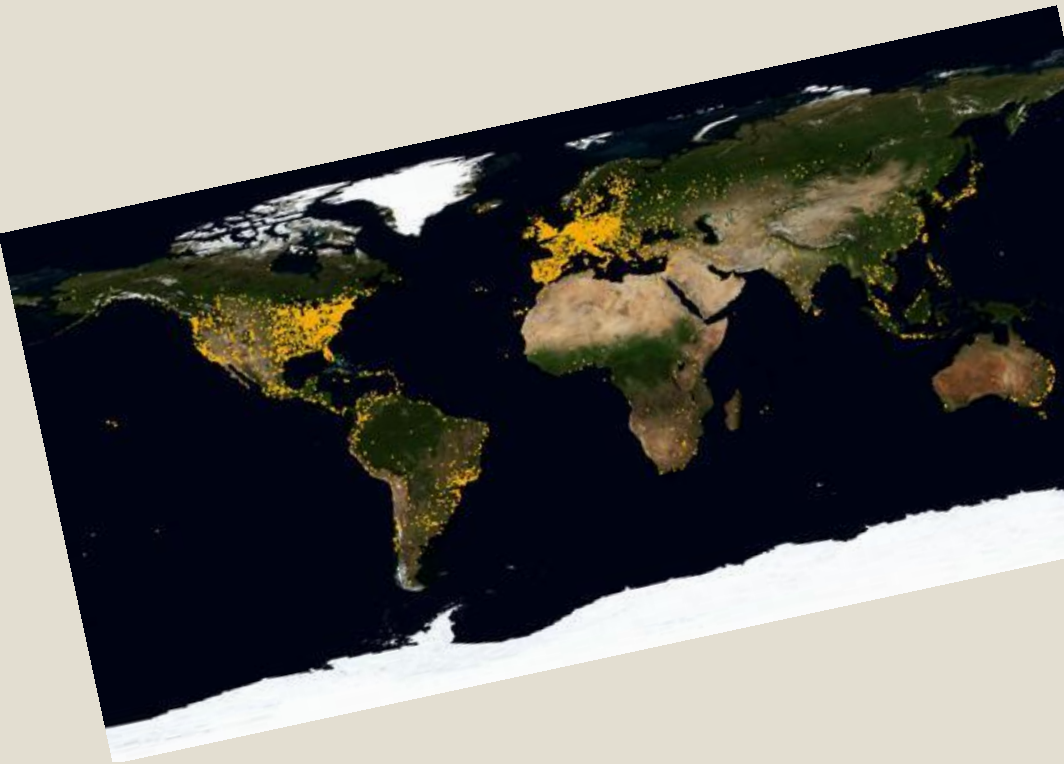

Digital Natives

Moodle is a learning platform designed to provide educators, administrators and learners with a **single robust, secure and integrated system** to create personalized learning environments

Moodle Facts

- **Built for learning, globally**
