

Dr. Rick Wormeli presents

DIFFERENTIATED INSTRUCTION

Myth-Busting, Principles, Practicalities

PRACTICAL IDEAS FOR:

- Developing the differentiated mindset from which teachers can solve their own instructional challenges
- Designing differentiated lessons to meet students' needs
- Learning to apply cognitive science principles
- Tiering lessons and assignments
- Managing readiness levels
- Building executive function skills in students
- Using effective assessment & descriptive feedback
- Correcting misconceptions some educators have about differentiated practices
