

SHESC Volume Purchasing Program Inquiry

SHESC's Volume Purchasing Program offers access to discounted products and supplies for any non-profit organization (including educational and governmental organizations) located in Kansas.

For Smoky Hill Education Service Center charter and associate members, this is a free benefit included with membership.

For non-members, there is NO regular maintenance fee or sign-up fee to register for volume purchasing; only a small 2% administrative fee, based only on the price of any items purchased, will be assessed quarterly. (This excludes any shipping fees or other supplier fees for the purposes of determining the fee.)

Current category areas include technology products (from CDW-G), the full online catalogs of School Specialty and Frey Scientific, athletic supply, cafeteria supply, cafeteria food, card stock and copy paper, COVID-19 prevention supplies, custodial supply, furnace filters, lighting, and lumber.

For more information, visit go.smokyhill.org/vp or contact Lois Hanchett, Volume Purchasing Assistant, at vp@smokyhill.org or 785-825-9185. You can also fill out the form below to inquire for more information.
