

INDIVIDUALIZED OR SMALL-GROUP VIRTUAL COACHING FOR ALL EDUCATORS

The Virtual Coaching program at Smoky Hill Education Service Center is a just-in-time support that helps teachers, instructional coaches, principals, and other educators become more effective in implementation supports with their classrooms, schools, or districts that increase effectiveness in meeting the needs of students. Practitioners coach and support participants for success in addressing specific challenges in classrooms, schools or districts. Goals are set, data is analyzed and success is realized!

Coaching is:

- Scheduled flexibly.
- Personalized and targeted to address specific challenges.
- Modeling of effective practice.
- Focused on goals setting and data analysis.
- Reflective and motivating.

The list below is not exhaustive, but includes many of the areas where coaching might be considered:

- Implementation of evidence-based literacy practices for reading and writing
- Supports for English Language Learners
- Creating culturally-responsive classrooms and schools
- Mathematics
- Project-based learning and personalized learning
- Instructional strategies
- Leadership
- Social Emotional Learning
- Aligning curriculum to instructional outcomes
- Interventions and closing the gap
